

# Appendix C:

## Suggested Places Based on Public and Agency Comments

During public review of the Draft Chesapeake Bay Special Resource Study and Environmental Impact Statement in summer 2003, a number of commenters suggested places that might fit with an alternative concept. The places suggested are listed below, grouped by the concept for which they were mentioned. Numbers in parentheses refer to the number of commenters listing that particular place. In almost all cases, the places mentioned were simply listed, rather than fully described as to how they might fit with a concept. None represented a formal proposal. For this reason, no analysis or assessment of these places has been conducted as part of this study.
